Sincere thanks from organiser and competitors **to all the marshals** who checked the event through at 2 or 3 places:

Rodney Green, Chris Wall, Vic Lockley, Damian Ransome, Arthur Whitlock, Sam Lorenzelli, Rob Gillett and Mrs.F.

Eight starters, no retirals - all finished within time; five crews saw all 15 codeboards.

Pity three crews didn't *quite* Stop under scrutiny.

The wet route included 10 miles of 30 limit and **every** class of road from trunk dual carriageway to grass track!

This was perhaps the route we should have used in the snow last year!

Congratulations to **Paul** and **Matt**, in the Loveridge family Mondeo

who surpassed several other really good runs and achieved amazing economy, even with 27 stops in 58 miles.
