

# Ross and District Motor Sports Limited

WYE VALLEY Production Car Trial

29th June 2008

## Final Instructions

**Thank you for your entry.** The running order will be drawn after 1800 Friday. A reminder of ASR 11 - no change of class will be allowed after 1800 on Friday 27th, except changes on the day by organisers if a car does not comply with the class entered when it will be moved only to Class 4 or 8.

**Sunday Timetable** Signing on and Scrutineering will begin at 0815. Please go to signing on first, collecting your number (to be affixed in a forward facing position). Then proceed to scrutineering. First Car starts at 1000 (earlier than some events - please don't be late). There will be a driver's briefing a few minutes before the event starts. If you have a problem on Sunday morning, please telephone 07896 362576. Please note that this is not a phone in regular use, so don't phone it on any other occasion. Please submit all Association teams in writing, noting the team captain, to the Clerk of the Course before the briefing. They will be checked for eligibility by C of C.

### **Suggested directions to the venue**

From the South West or the South East you will presumably come to Gloucester. There are major roadworks to the west of Gloucester on the A40. This shouldn't be a problem in the early morning, but may delay you on your return journey home. Take the A417 NNW from Gloucester for 11 miles until you cross over the M50 at Junction 2.....

From the Midlands and North, come down the M5 and M50. Exit the M50 at Junction 2.....

Then, from M50 at Junction 2, follow the A417 [also signposted Hereford (A438)] for 5 miles to Ledbury, and continue following the Hereford (A438) signs round the Ledbury by-pass, and off towards Hereford. 3 miles from Ledbury you will come to the Trumpet crossroads with traffic lights.....

From North Wales, turn off the A49 a couple of miles south of Leominster, and follow the A417 SE'wards for 13 miles to the Trumpet crossroads with traffic lights....

From Ross, take the A449 towards Ledbury and at the Preston Cross roundabout, turn left and after four miles, you too will come to the Trumpet crossroads.

**Common Route:-** From The Trumpet, take the Hereford road A438 for just over half a mile and turn left and immediately slight right. The roadsigns can be confusing here, so follow the arrows off the A road. A further mile will take you to Putley Common where you should bear right, and go up the hill. In about half a mile turn left into Hill Farm drive.

This is where it gets complicated! Do not go up the farm drive. Turn immediately left (within six feet of leaving the road) into the field. This is impossible for a car, so trailers will definitely have to reverse out of the wide-splayed farm drive into the road, and then gain access to the field. There is no suitable turning area for at least another mile up the road, so this is the best way, I'm afraid. Hopefully there will be a marshal (0815 to 0930) to help you negotiate the turn and to watch for traffic as you turn/reverse.

Please then follow the arrows across the fields and close the gates as the notices instruct.

There will not be our usual 'Test' Hill – there is no room next to the paddock, sorry. Toilet 'tardis' facilities will be provided, but there will be no Catering caravan, so lunch will be 'up to you'.

The latest Sunday weather forecast (Thursday morning) is for an overcast, dry day with a southwesterly breeze and about 19°C.

**We hope you enjoy your day.**

**P.S. Don't forget your Club Card** (including passenger, but this can be arranged on the day for £5 fee) **and Competition Licence.**
