

Ross and District Motor Sports Limited

SPRING FLING Car Trial

19th May 2019

Final Instructions

Thanks for your entry!

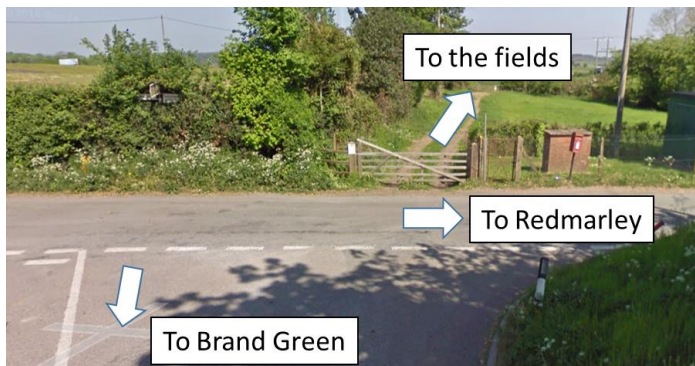

Entries are now closed and we will be drawing the running order on Saturday morning.

Sunday Timetable

Signing on and Scrutineering will begin at 08:45. Please can you go to signing on first, where we give you your car number (please fix this on the front of the car), your scorecard and other paperwork. Then please proceed to scrutineering. The first car will start at 10:00 and there will be a driver's briefing a few minutes before the event starts.

Portable toilet facilities will be provided at the site

We have really struggled with marshals this year - if you know of anyone who would like to marshal we'd be really grateful. Unless we get a sudden influx of volunteers please be aware that we will be asking the competitors to self-marshal a number of the hills.

Also, please be aware that the postcode for the event (GL19 3HZ) takes you to the farm, however, we are in the fields a little way from this. There will be arrows on the day, but, if you are coming from Redmarley, please continue past the farm until you see a red post box on your right – the turning for the event is here, its exactly opposite the junction to Brand Green.

A closer postcode maybe GL19 3JB.

The 1st field off the road does not belong to the landowner, please do not park on the grass and close both gates if there are sheep in the field. After going through the 1st field proceed down the track and continue downhill until you find the paddock

There is plenty of room for trailer parking in the paddock

If you have a problem on Sunday morning, please telephone Tom on 07795 278899. **We're looking forward to seeing you and hope you enjoy your day.**
